Linear Fixtures

Brand Features

The GS Series Industrial LED linear fixtures are durable and robust, making them suitable for a variety of indoor industrial applications. The GS Series fixtures have been designed with maximum safety in mind. Featuring low voltage (24 VDC) power supplies and an enclosure rating of IP54, these fixtures are ideal for use inside electrical cabinets, in solar powered applications and general lighting in industrial environments. They also boast the most compact footprint in their class, allowing for use in confined spaces where conventional luminaires just won't fit.
