Country Of Origin: Mexico

Brand Features

Leviton Wire Mesh Safety Grips are built tough to provide the strength, reliability and gripping force required for today's demanding wire management applications. They are designed to distribute stress over a large area so they can securely hold, pull or support the wire, rope, tubing or fiber optic cable to which they are applied. Leviton Wire Mesh Safety Grips are flexible holding devices used to pull cable, rope, or tubing into place; to support it after it has been installed, to prevent cable pullout; or to provide strain-relief that reduces the arc of bend at points of wire connections or terminations. Available in a wide selection of style, weave, attachment and wire options designed to meet the highest standards for strength, flexibility, durability and longevity.

Item Description

2-1/2 Inch, Straight, Male, Aluminum Body, Deluxe Cord Sealing Strain-Relief, 1.687 - 1.812 Cord Range

Technical Information

Material Specifications

Body Material: Aluminum
Grip Material: Stainless Steel
Color / Feature: Aluminum

Mechanical Specifications

Fitting Type: Deluxe Cord Sealing
NPT Size: 2-1/2
Fitting Style: Straight
Fitting Gender: Male
Weave: Single/Double
Cord Range: 1.687 - 1.812

Product Features

Cord Range: 1.687 - 1.812
Device Type: Strain Relief Grip

Standards and Certifications

Standards and Certifications: UL/CSA
Warranty: 2-Year Limited
