

## WSR00-30

### Brand Features

The LevNet RF Energy Harvesting with Wireless Protocol Window/Door Contact Sensor powers itself from a solar cell and stores energy for night operation. A signal is transmitted when the contact is opened or closed.

### Item Description

LevNet RF Window/Door Contact Sensor, 315MHz, Title 24 compliant, ASHRAE 90.1 compliant

### Features and Benefits

- Easy installation with no wires to pull, reducing completion time and the impact to businesses during conversions
- Offers no-neutral design for ALL retrofit installations
- Self-powered sensors and transmitters use zero power for zero utility cost. Annual energy savings and rebates can equal up to 80%

**Color:** White

**UPC Code:** 07847762777

**Country Of Origin:** United States
