PRO-GIMBAL RING PAR LAMPHOLDERS

SP403MLP

Project: _____

Fixture Type: _____

Location: _____

Contact/Phone: _____

PRODUCT DESCRIPTION

The clean functional lines of the Pro-Gimbal Ring PAR lampholders allow maximum design flexibility. Pro-Gimbal Ring PAR lampholders relamp from the front and have grooved baffle inserts. The minimal profile with stylized yoke design is ideal for retail and commercial applications. Lampholders have integral horizontal rotation and vertical aiming locks. All can accommodate up to two accessories with the use of an accessory holder (ordered separately).

PRODUCT SPECIFICATIONS

Construction Die-formed steel.

Socket Medium base porcelain with nickel plated copper screw shell.

Adapter Patented Power Grab™ fixture adapter requires no tools and has no loose parts • Allows fixture to hang on track prior to securing adapter, enabling simple and precise fixture positioning • Nickel plated contacts for reliable power connections and no arcing.

Aiming Greater than 360° horizontal rotation eliminates aiming dead spots • 90° vertical aiming capability • Vertical aiming and horizontal rotation locking screws secure lampholder position during relamping cycles.

Labels UL listed, CSA certified • Union made.

Line Voltage PAR30
