

## Miter Saw Stand Carrying Strap

Designed to be used with the Milwaukee folding miter saw stand (48-08-0551), the carrying strap makes moving the stand on and off the site easy and allows you to transport other items at the same time, increasing productivity. Made of durable nylon the carrying strap is designed to handle both interior and exterior conditions. The strap features metal clasps on both ends for added durability. Adjustable length and movable shoulder pad ensure easy and comfortable carrying of the stand.
