

GFCI OUTLET, 15A, PLUS-SIZE, MAGNESIUM

AGFTR2153M4 | [adorne](#)

FEATURES & BENEFITS

USAGE

Perfect for plugging in larger items in kitchens, bathrooms or outdoor spaces.

GFCIs protect you from serious injury due to electric shock. They are required by National Electrical Code in kitchens, bathrooms, and outdoor locations.

This item performs an automatic test every three seconds —preventing the unsafe condition of power without protection.

With SafeLock Protection, power to the outlet will be disconnected if components are damaged and protection is lost.

With adorne's patented shutter system, plugs are tamper-resistant to keep children protected.

The adorne Plus-Size Outlet offers greater plug capacity to accommodate larger products and features a classic look.

This item is also available in [white](#).
