

CABLE PROTECTORS

PUZZLE-PLATE® Cable Protectors, Pregalvanized Steel
N/A

B87

Catalog #: 2712-9R

APPLICATIONS

Protects nonmetallic sheathed cable or raceway type wires running through wood studs from accidental nail, screw, or drill penetration. Also applies to plumbing to protect nonmetallic piping

N/A

Protects nonmetallic sheathed cable or raceway type wires running through wood studs from accidental nail, screw, or drill penetration. Also applies to plumbing to protect nonmetallic piping

PRODUCT FEATURES

RACO's interlocking design of the PUZZLE-PLATE® cable protector does not allow nail or screw penetration through gaps or holes

Pregalvanized steel construction for added corrosion protection

No additional hardware required, just position and hammer down spurs

Unique PUZZLE-PLATE interlocking feature allows installer to easily increase area that requires protection

Contractor packs or individually bar coded pieces

Innovative, interlocking design does not allow nail or screw penetration through gaps or holes

Pre-galvanized steel construction for added corrosion protection

Unique interlocking feature allows installer to easily increase area that requires protection
