Vol. 2, Ref. No. [0931]

E22 Series, Illuminated Components

Light Units and Lamps

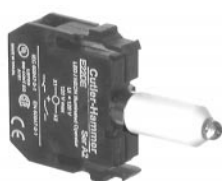

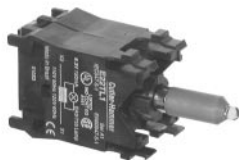

E22 light units consist of two versions — standard size LED lamps and tall LED lamps. Select the standard LED light

units for all indicating lights, illuminated pushbuttons, push-push (alternate action) or double-headed pushbutton

operators. Select the tall LED light units for all illuminated selector switches and push-pull operators.

LED Light Units
